

## Schedule for Ecological and Evolutionary Theoretical Café

**Where:** De Mazancourt Lab, Stewart Bio W3/19

**When:** Wednesday Mornings at 11:30 A.M., September – November 2010

**What to bring:** A mug, prep material, anything to share

**Contact:** Magnus Bein [magnus.bein@mail.mcgill.ca](mailto:magnus.bein@mail.mcgill.ca) or Matthew Osmond [matthew.osmond@mail.mcgill.ca](mailto:matthew.osmond@mail.mcgill.ca)

Dates	Facilitator	Topics
<b>Sep 22, 2010</b>	Mehdi Cherif (post-doc)	A universal recipe for modelling: a systematic approach to model building
<b>Sep 29, 2010</b>	Sergio Vallina (guest from MIT)	Global marine productivity models
<b>Oct 6, 2010</b>	Justin Marleau	Generalized models in ecology
<b>Oct 20, 2010</b>	Philippe Dargent	Modeling parasitic dynamics
<b>Nov 3, 2010</b>	Matt Osmond	Understanding spatial tree patterns in Newfoundland
<b>Nov 10, 2010</b>	Ben Haller	Mock Quails / Speciation in complex habitats
<b>Nov 24, 2010</b>	Phillipe Beaupre	Many-body field theory or how to juggle with arbitrary many degrees of freedom: its foray into ecology, biology, chemistry, and many things
